

EXTREME CONSTRUCTION

PROVIDES STRENGTH & DURABILITY

Extreme Cabinets are **ONLY** available in the following door styles: Berkshire, Branford, Calibra II, Caruth, Coronet, Hampton, Newbury, Novara, Rutledge, Siena, Trevant, Tuscany, and Vista.

1 FRONT FRAME

3/4" thick kiln dried solid hardwood:
stiles 1-1/2" wide, mulls 3" wide, rails 1-3/4" wide

2 END PANELS

Nominal 1/2" (12mm) thick, multi-ply Type 1 exterior glue hardwood plywood dadoed to receive tops and bottoms.
Optional upgrades available

3 TOP/BOTTOM PANELS

Nominal 1/2" (12mm) thick multi-ply hardwood plywood

4 HANGING RAILS

Wall cabinets: nominal 3/4" (18mm) thick by 3" high multi-ply hardwood plywood running full cabinet width at the top and bottom. Base cabinets: 3/4" thick by 7-1/4" high running full cabinet width at top.

5 BACK PANEL

Nominal 1/4" (6mm) thick hardwood plywood

6 SHELVES

Nominal 1/2" (12mm) thick multi-ply hardwood plywood, 10-7/8" deep with hardwood veneer banded front edge. Shelves are fixed into dados in end panels on all cabinets.

7 TOE BOARD

Toe kick is 4" high and recessed 4-9/16". 3/4" thick, ACQ* pressure treated toe board captured between end panels. *Optional upgrades available*

8 BASE I-BEAM BRACES

Two 1/2" thick (12mm) x 2 7/8" wide plywood braces running full-depth front to back of cabinet, recessed down 1" from top. All braces are glued and stapled at top of cabinet to front frame and hang rail, and dadoed into end panel.

9 DRAWERS

Nominal 5/8" (16mm) thick solid beech hardwood front, back, and sides with dovetail construction. Drawer bottoms are nominal 1/4" (6mm) multi-ply hardwood birch plywood inserted and stapled into dado in front, back, and sides.

10 DRAWER GUIDES

High-quality epoxy coated steel, extreme grade, side mounted guides, self-adjusting in mounting brackets, built-in stop, self-closing, and stay-closed features with a 100 lb. rated load capacity.
Optional upgrade available

11 HINGES

Heavy-duty, high-quality steel, concealed 6-way adjustable hinge with self-closing feature. *Optional upgrade available*

*Toe Board is made of "ACQ" Alkaline Copper Quaternary pressure treated lumber meeting AWPA Standard C2. The EPA awarded its "Presidential Green Chemistry Challenge Award" to Chemical Specialties, Inc. the developer of ACQ, an industry leader in non-arsenic wood preservatives.
